Portable Audio Player / Recorder

PAPO

Introduction

Portable Audio Player / Recorder (PAPO) is a USB Flash Memory Drive, SD MMC Card Reader, MP3/WMA Player, and Digital Voice Recorder. PAPO features true plug & play; simply plug it into any available USB port and the computer will automatically detect it as two removable drives.
With PAPO, you can load music from your computer, you can use it as hard drive for data storage; you can set it to repeat a section of a song, or you can record a phone conversation. The PAPO does not need any software. It is compatible with IBM PC / compatible desktop and laptop computers with a USB port.
